Bang Bang Bang

DOROTHY

Lay your head down
Down, down
Lay your head down
Down, down
My love's gonna pull you down
Down, down
One shot and you're 6ft down
Down, downBANG BANG BANG!
I'd do you where you stand
So take a look at me (yeah)
bang bang bang
bang bang bangLay your head down
Down, down
Take my lovin' now
Now, now
My lips gonna make you die
Die, die
One kiss and you say goodbye
Bye, byeBANG BANG BANG!
I'd do you where you stand
So take a look at me
bang bang bang
bang bang bang
Lay your head down
Down, down
Lay your head down
Down!
