

Ishmael

Audience of One

I'd love to meet him
The original
Now be ready, I can't run and
I'd love to meet him
The original
Now must be ready, I can't run Nothing's been said, but what you wrote
Nothing's been said, but what you taught me
Nothing's been said, but what you wrote
Nothing's been said I'd love to meet him
The original
Make me ready I can't run and
I'd love to meet him
The original
Make me ready I can't run Nothing's been said, but what you wrote
Nothing's been said, but what you taught me
Nothing's been said, but what you taught me
Nothing's been said and I'd love to be sad
It makes me so sad
It makes me red
I can melt
I love the music
It makes me red
It makes me ready
I can melt Nothing's been said, but what you wrote
Nothing's been said, but what you taught me
Nothing's been said, but you what you wrote
Nothing's been said since now
