

# I'm A Number (Radio Edit)

**Robert Ramirez**

i'm not a singer nor a star  
it's more simple my love  
i'm a numberi'm not a planet nor a car  
i don't play with your soul  
i'm a numberi don't feel i don't cry  
i don't look after you  
i'm a numberi'm not a child nor a sinner  
i won't be mean and rude  
i'm a numberyou, you're the boss i could be fired  
but i lead my alone my life  
it's my crime...that's my crime  
you, you should change your ugly tie  
you could fall and could not rise  
you're alone you're aloneno no no i'm not a superstar  
yeah yeah yeah i'm just a number one  
look at you with your stupid smile  
now we shout we're all a number onei'm not a storm nor a light  
i'm don't have any home  
i'm a numberi'm not a singer nor a star  
it's more simple my love  
i'm a numberi'm not a planet nor a car  
i don't play with your soul  
i'm a numberi don't feel i don't cry  
i don't look after you  
i'm a numberi'm not a child nor a sinner  
i won't be mean and rude  
i'm a numberyou, you're the boss i could be fired  
but i lead my alone my life  
it's my crime...that's my crime  
you, you should change your ugly tie  
you could fall and could not rise  
you're alone you're aloneno no no i'm not a superstar  
yeah yeah yeah i'm just a number one  
look at you with your stupid smile  
now we shout we're all a number onei'm not a storm nor a light  
i'm don't have any home  
i'm a numberall i want all i try  
is a world made of smoke  
i'm a numberi could dream i could fly

but they told me "that's wrong"  
i'm a number i don't breathe i don't lie  
i don't have any thoughts  
i'm a numero no no i'm not a superstar...all i want all i try  
is a world made of smoke  
i'm a number i could dream i could fly  
but they told me "that's wrong"  
i'm a number i don't breathe i don't lie  
i don't have any thoughts  
i'm a numero no no i'm not a superstar...
