

# Wheels On My Heels

[Elvis Presley](#)

Gotta do some livin', got the wanderlust  
Better clear the highway  
'Cause I'm gonna move some dust Oh, I got wheels, wheels on my heels  
And I gotta keep rollin', rollin' along Lots of pretty dollies try to fence me in  
But I love 'em and leave 'em  
'Cause a tumbleweed's my kin Oh, I got wheels, wheels on my heels  
And I gotta keep rollin', rollin' along Why do I keep movin'? Never settlin' down  
Can it be I'm lookin' for a dream I haven't found Oh, I got wheels, wheels on my heels  
And I gotta keep rollin', rollin' along Oh, I got wheels, wheels on my heels  
And I gotta keep rollin', rollin' along
