

# Only You

## Sarah Brightman & Cliff Richard

Only you  
Have the power to move me  
And together we'll make  
The whole world move in sympathy  
But I could not see before  
Only you  
(Just you)  
Have the power to move me  
(You got the power to move me)  
Take me, hold me, mold me  
Change me and improve me  
It's not funny anymore  
There was I  
(There was I)  
Wondering why  
(I was wondering why)  
Every day disappeared into the distance  
Now with you  
The light is shining through  
You gave me life not just existence  
Only you  
(You are the starlight)  
Have the power to move me  
And together we'll make  
The whole world move in sympathy  
Only you  
Have the power to move me  
There was I  
(There was I)  
Wondering why  
(Wondering why)  
Every day disappeared into the distance  
Now with you  
The light is shining through  
You gave me life not just existence  
Only you  
(Only you)  
Have the power to move me  
And together we'll make  
The whole world move in sympathy  
But I could not see before  
(I couldn't see it before)  
That only you  
Have the power to move me  
Take me, hold me, mold me  
Change me and improve me  
Only you

(Only you)

Have the power to move me
