Busted

Sick of It All

Can somebody tell me why
Truth is such a fuckin' lie
Close my heart and turn it out
I'm disgustedSo far gone and out of reach
They kick you in the fuckin' teeth
All I wanna know is why
You're all bustedYou can't pressure me when will you see
The walls that are closing in
You wanna take, take, take 'till you have it all
Can't trust it, your busted assCan't trust it, who's the one to suffer now
You're the one who showed me how
Put yourself on the ropes
There's no breaks
