Remember (feat. The Presets)

Steve Angello

Remember when you had a dream
Remember when you had a heart
Remember when it was so simple
This world, my fault, could ever scarRemember when you fell in love
Remember when it fell apart
Remember when you saw some more of love
You swore you'd never stopBut now you're on your own x4Remember that you've had a heart (But now you're on your own x3)Remember when you sold your dreams for nothing I've been thinking 'bout that so long
Keep running up a hill, fight back, don't stop, oooh
Don't you lose your head in the air
I'd rather cherish all
Everything that I own
Then dreaming 'bout something that I've never hadRemember when you had a dream
Remember when you had a heart
Remember when it was so simple
This world, my fault, could ever scarBut now you're on your own x4Remember when you sold your dreams for nothing I've been thinking 'bout that so long
But now you're on your own
Remember when you had a dream
Remember when you had a heart
Remember when it was so simple
This world, my fault, could ever scar
But now you're on your own x4
But now you're on your own
But now you're on your own
But now you're on your own...
