I'm Wit It

Lloyd

I'm like, why commit, it's just a waste of time?
But somehow I'm convinced you're not any other girl
But for some reason I'm still holding on, yeah
Petty arguments and all our ups and downs
It's been crazy but we been at it for awhile
The situation, I can't leave it alone
Girl, I don't know
This feeling I'm feeling is real deep down inside
It's telling me it's right
This feeling I'm feeling is real deep down inside
It's telling me it's right
If what you're saying is that I can be your only
I'm wit it, I'm wit it, I'm wit it, oh, oh
Say, I will be your
Say, I will be your
Say, I will be your
When you come around I can't find the words to say
I get speechless how you just take my breath away
What is it about you, I just can't put my finger on
And I ask myself if this is just another game that I'm playing
How come this feeling still remains?
Am I so blind that I can't see I am wrong? But I don't know
Girl, I don't know
This feeling I'm feeling is real deep down inside
It's telling me it's right
This feeling I'm feeling is real deep down inside
It's telling me it's right
If what you're saying is that I can be your only
I'm wit it, I'm wit it, I'm wit it, oh, oh
Say, I will be your
Say, I will be your
Say, I will be your
And no matter what lies
Problems come, nobody's perfect
Just know that you got me
This means that we can get through
Baby, 'cause now I know
This feeling, I'm feeling is real deep down inside
It's telling me it's right

This feeling I'm feeling is real deep down inside
It's telling me it's right
If what you're saying is that I can be your only
I'm wit it, I'm wit it, I'm wit it, oh, oh
Oh, oh
