## Wishbone Ash

Was sat down by my fire  
Hear a voice of desire  
Want to be friends again  
I keep tellin' you man, she's only a pain  
She don't fit in my scene  
She don't fit in my world, no more  
And the best has to stay  
Keep knockin' on my door  
She's gone away  
We're kickin' the thoughts around the floor
