Model

Squeeze

She's ahead of her time and she's never lazy
But something changed your mind and she could drive you crazy
Volunteers for winter coats and summer clothes that shine
Volunteers for magazines I read them all the time but that's all rightDo do do do do do do do do do
Do do do do do do da da da down the runway
Do do do do do do do do do do
Do do do do do do do, she's so uglyTidy work never suffers when you stage your abuse
Cocktails in the evening when you're completely nude
Models at the motor show and I dribble at the thought
Models looking like lobsters, convertibles and sports
