

# Flyin High (feat. Coco Jones)

MattyB

You see me flyin high oh  
Cause I choose to live my life oh Now I never try to stay in the past no looking back  
But if you would have told me three years ago said Matt  
Here's where you'll be at I'd probably would laugh  
Matter fact I'd call you crazy  
Cause a kid with a dream raps  
You taught me to last  
So here I sit my collection of tracks  
Not too much different than when we first started  
With just a pen and a pad  
Still feel the love and the hate  
It still ain't nothing to shake  
I'm just a kid but the difference I do what it takes, uh I know what you probably think about me  
Coming up in the world too quickly  
But I've got big things on my mind  
Say what you want know you're never gonna phase me  
Got nothing but love for ya anyway  
This is exactly who I am You see me flying high oh  
Cause I choose to live my life oh  
My dreams are way up in the sky oh  
Real far from the haters  
Rising up to the majors yeah  
and you're never gonna bring me down Now you can say what you want  
Just have the courage to talk it  
Like when you walk up on somebody  
And all the sudden they stop  
They make up rumors behind your back  
But of course they can't prove it  
They said it wasn't me spittin'  
Somebody forced me to do it  
Just let the kids be kids  
Well what you think that we doing  
I fused the rap with the pop  
You see my life in the music  
I put my heart into something big  
Make 'em watch as I do it  
So to my friends then I applaud you're courage to do it, uh I know what you probably think about me  
Coming up in the world too quickly  
But I've got these dreams on my mind

Say what you want know you're never gonna phase me  
Got nothing but love for ya anyway  
Just trying to be who I am You see me flying high oh  
Cause I choose to live my life oh  
My dreams are way up in the sky oh  
Real far from the haters  
Rising up to the majors yeah  
and you're never gonna bring me down Hey what you talking 'bout why you wanna doubt  
All we do is make it happen all you do is run your mouth  
We a generation ready for whatever comes our way  
Here's a tissue for your issue save it for a rainy day, ha!  
Hey what you talking 'bout why you wanna slip  
We were made to overcome it all you ever do is trip  
You can hold your breath and hate till you turn blue in the face  
But the fact is that we dreamers so we know we here to stay You see me flying high oh  
Cause I choose to live my life oh  
My dreams are way up in the sky oh  
Real far from the haters  
Rising up to the majors yeah  
and you're never gonna bring me down, down, down  
and you're never gonna bring me down, down, down  
and you're never gonna bring me down, down, down  
and you're never gonna bring me down, down, down  
and you're never gonna bring me down
