Advisory - the following lyrics contain explicit language:

Did he want you? Did you want to?
Did you question what it meant to you
With a beat between your breaths?Oh, so let's cut clean to the sex scene
Drop the white lines 'cuz no one is clean
And this beat won't wait for you, noOh, safe to say that you won't recall
Oh, so let's just pretend, nothing happened at allOh my love, where's the danger?
All my life I'm dancing with strangers
I'm dancing with strangersDid he want you? Did you want to?
Did you question what they'd think of you
With a beat between your breaths?Oh, so let's cut fast to the car crash
Where the future went down with the past
'Cuz this beat won't wait for you, noOh, safe to say that I can't recall
Oh, so let's just admit nothing matters at allOh, my love, where's the danger?
All my life I'm dancing with strangersOh, my love, where's the danger?
All my life I'm dancing with strangers
I'm dancing with strangersAll my life, all my life, all my life's seen
Oh, oh, oh, all my life, all my life, all my life's seen
Oh, oh, oh, all my life, all my life, all my life's seen
Oh, oh, oh, all my life, all my life, all my life's seen
Oh, oh, oh, oh, oh oh, oh, oh, oh, oh, oh, oh, all my life
