

The Leper

Dinosaur Jr.

Embarrassed to be alive
Sit with my life, open wide
Your stare is forcing my face open
A leper crumbling, never joking
Who should I believe Safest to wallow in my own esteem
Afraid, stick my neck out
Knowing the day has drawn I'm a leper scared beyond this feeling
I dare to escape
A leper doomed to this
My life is chosen to rape Embarrassed to be alive
Sit with my life open wide
Your stare is forcing my face open
A leper crumbling never joking I'm a leper scared beyond this feeling
I dare to escape
A leper doomed to this
My life is chosen to rape I'm a leper, leper, leper
