The Leper

Dinosaur Jr.

Embarrassed to be alive Sit with my life, open wide Your stare is forcing my face open A leper crumbling, never joking Who should I believeSafest to wallow in my own esteem Afraid, stick my neck out Knowing the day has drawnI'm a leper scared beyond this feeling I dare to escape A leper doomed to this My life is chosen to rapeEmbarrassed to be alive Sit with my life open wide Your stare is forcing my face open A leper crumbling never joking I'm a leper scared beyond this feeling I dare to escape A leper doomed to this My life is chosen to rapeI'm a leper, leper, leper
