

# Hey Mr. D.J. (LP Version)

## Snow

That song you played last night  
Memories of holding my girl tight In a dance, in a dance me come alone  
And my favourite girlfriend at home  
So they say, this is what I have to say  
Hey Mr. DJ, play Ring ring me love love but a watch watch me charm charm  
I have me girlfriend a me say under me arm arm  
Ring ring me love love but a watch watch me charm charm  
Have me girlfriend under me arm By the nights the dancehall did a swing  
To my surprise my girlfriend did a bring  
Next time, wind up in the corner  
You got me wonder, so Give me the sound, give me the sound Mr. DJ  
Give me the sound make the problem run away  
Give me the sound, give me the sound Mr. DJ  
Hey Mr. DJ, play Could it be is it really true?  
Next man, he go whine on you  
Here I am with my mind confused  
I know  
Gotta get my self composed  
Gotta find me another rose  
Then my heart as you should know  
I'm Snow Ring ring me love love but a watch watch my charm charm  
Have me girlfriend a me say under me arm  
Ring ring me love love but a watch watch my charm charm  
Have my girlfriend under me arm First day listen to what I say  
Then I find out I'm gonna just walk away  
From the corner of my eye, she caught me attention  
Third verse a mention so Give me the sound, give me the sound Mr. DJ  
Give me the sound make the problem run away  
Give me the sound, give me the sound Mr. DJ

The feeling was good, but it still wasn't right
