

Necro Blues

Frantic Flintstones

She's a pale looking hooker and a new shooker
That hot and sticky night
Walking down the street flashing off her meat
Trick number 69

Got her in the bed and made her give head
Was ain't no faking here
Cause she brought up back, got up my jack
The time was nearly here
I slapped her once, and slapped her twice
Put a razor right down her side
Watched to blood soak in the sheets
One less girl cause of me

Well trick is over, work is done
Really got off, i've had my fun
One dead hooker on my bed
Sexy bought tail is 15 per head

Well closed the door, had to go back
Had to clock back in at that shack
The body is stiff and getting cold
One quick fuck before i go

Stick your finger up her bum
Twist it around and have some fun, oh yea

Stick your finger up her twat
Twist it around and

Well some might say i'm pretty sick
But this is how i'm getting my kicks
Don't give a damn, don't give a fuck
Bums red dead and been roughed up

Got her in the bed and made her give head
Was ain't no faking here
Cause she brought up back, got up my jack
The time was nearly here
Slapped her once, and slapped her twice

Put a razor right down her side
Watched to blood soak in the sheets
One less girl cause of me
