

Wardogs

GBH

We're a bunch of desperados, a brave and fearless crew.

We will work for anyone, we'll even work for you. Cry havoc and let slip the dogs of war.

Money is the cause we fight for. We don't mind facing the dangers, when we're fighting for strangers.

Have no conscience who we kill as long as you can foot the bill. We'll get your country out of any crisis, as long as you can meet our prices.

We just kill and then get out, march into battle hear us shout.
