

So What If I Do

Trace Adkins

So what if you made a fool of me
So what if you're the last thing I need
So what if you're there all alone
So what if I answer the phone So what, so what if I do
Hold out hope that we ain't through
You tell me that I can't keep loving you
Well so what, so what if I do
So what, so what if I do So what if it's just for tonight?
So what if it's one more last time
So what if I close my eyes
So what if I pretend you're mine So what, so what if I do
Hold out hope that we ain't through
You tell me that I can't keep loving you
Well so what, so what if I do
So what, so what if I do So what if I can't tell you no?
So what if I'm not starting now?
So what if I can't let you go?
So what if I don't know how? So what, so what if I do
Hold out hope that we ain't through
You tell me that I can't keep loving you
Well so what, so what if I do
So what, so what if I do
What if I do?
So what if I do?
So what if I do?
