

# For You

Rosie Lowe

And I'll change it all for you  
I'll paint the cracks for you  
I'll write it down for you  
And I'll give it up for you But what you gonna give me for giving it all?  
And what you gonna give me for giving it all?  
What you gonna give me for giving it all? And I'll hide it all for you  
I'll sing you lies, hide the truth  
At beck and call for you  
Only you But what you gonna give me for giving it all?  
And what you gonna give me for giving it all?  
What you gonna give me for giving it all? Tell me, do you think I'm crazy?  
Begging for your love to take me  
Promised I would never be  
The one who get down on my knees for love  
Cause I'm giving it up  
Giving it all  
Giving it all  
So I'm giving it all  
Giving it all  
Giving it all  
Giving it all  
Giving it all  
Giving it all  
Giving it all  
Giving it all  
Cause I'm giving it all
