

Feels So Good (Club Mix Edit) [feat. Nadia Ali]

Armin van Buuren

You're on the telephone
Telling me that she's gone
Now we've been down this road
A million times before 'Cause it's a sweet sensation
Thinking of all that hot temptation
You know it's going right where you want
Yeah, you know what's going on I keep breaking my own rules playing your love fool
Trying to forget about the consequence
We keep saying we should and yeah we know we could stop
But really what it all comes down to is It feels so good, it feels so good
When I'm in your arms Don't you know, it feels so good
It feels so good, it feels so good You say it's dangerous
You don't wanna be exposed
But I know you're like a mess
And you're not gonna let it go 'Cause it's a sweet sensation
Thinking of all that hot temptation
I can't stop, you know it's going right where you want
Yeah, you know what's going on I keep breaking my own rules playing your love fool
Trying to forget about the consequence
We keep saying we should and yeah we know we could stop
But really what it all comes down to is It feels so good, it feels so good
When I'm in your arms Don't you know, it feels so good
It feels so good, it feels so good It feels so good Just move with me
Move with me
Move with me I keep breaking my own rules playing your love fool
Trying to forget about the consequence
We keep saying we should and yeah we know we could stop
But really what it all comes down to is It feels so good, it feels so good
When I'm in your arms Don't you know, it feels so good
It feels so good, it feels so good It feels so good, it feels so good
It feels so good, it feels so good
It feels so good
