

Way That It Are

Meat Puppets

These peaches taste alright
My favorite every night
I'm seasick
I'm seasick You don't know
It's part of the way they are
You don't feel
It's part of the way they are This dog food tastes alright
I'm wasted every night
I'm wasted
And wasted You don't know
It's part of the way they are
You don't feel
It's part of the way they are This dog food tastes alright
It's wasted every night
I'm seasick
I'm seasick You don't know
It's part of the way they are
You don't feel
It's part of the way they are You don't know
It's part of the way they are
You don't feel
It's part of the way they are
