Cry

Priscilla Renea

Verse 1
I threw out all 3 dozen roses
And the letters that you wrote
Cause even when you're with me
I still feel like I'm alone
Standing on the corner
No umbrella in the rain
You're the reason that I'm hurting
You're the cure for all my pain
Can't bring myself to leave you
And please don't ask me why
This love sometimes it makes me want to cry
[hook]Cry baby
(cry)
cry*4
Cry baby
(cry)
cry*4
Verse 2
I don't know why you keep pretending like you love when you dont
Enve when you kiss me i still feel like i'm alone
Standing on the corner no umbrella in the rain

[hook]Cry baby

They say the first cut is the deepest
Now I'm bleeding (bleeding)

I know you cry but are you crying for me?
Your heart may be broken but baby does it bleed?
Will you remember the mistakes that you made
Or will you have me crying again?
