Cut and Run

Electrelane

Seeing you here it makes me smile
I hear you laugh and all day I am waiting to be next to you
Hoping that you feel the same way

It seems like you're moving away
If it's the end I need to know before I have to let you go
I'm just not ready to be alone

Say it say it now
You're not in love with me no more
I'll try my best to catch up with you

say it say it now
You're not in love with me no more
I'll try my ebst to catch uip with you

Say it say it now
Say it say it now
Say it say it now
Say it say it now

Say it say it now, you're not in love with me no more
I'll try my best to catch up with you

Oh oh oh, oh oh oh
Oh oh oh, oh oh oh

(Do do do)

We're like fish in the sea
And I thought you were the one for me

Baby I'm afraid of change
But I think it's more that I still like you
Just as much as when we met
I don't' want to sleep alone and think of you with someone else
Holding them when I still want to reach for you and hold you close in the night, you know I still love you..

Say it say it now
Say it say it now

Say it say it now

Say it say it now you're not in love with me no more
I'll try my best to catch up with you

Oh oh oh, oh oh oh
Oh oh oh, oh oh oh
Oh oh oh, oh oh oh
Oh oh oh, oh oh oh

(Do do do)
We're like fish in the sea
And I thought you were the one for me

(Do do do)
We're like fish in the sea
And I thought you were the one for me

Oh oh oh, oh oh oh
Oh oh oh, oh oh oh
Oh oh oh, oh oh oh
Oh oh oh, oh oh oh
