

The Force of Gravity (Dylan Rhymes Push Up Mix)

BT

Remember the words we used to speak
The promises made have turned to all apologies
The weight of a storm, our memories
Still you fly to fight the force gravityThe force of gravityRemember the words we used to speak
The promises made have turned to all apologies
The weight of a storm, our memories
Still you fly to fight the force gravityI remember the days I still could breathe
Now I'm sinking beneath, the waves are crashing over me
The empty space that lay between
is all that's left of where our love was meant to beThe force of gravityDo you cry your eyes to sleep?
Is it peace you seek at night when your body's weak?
Did I leave you with the scars of a war torn ravished heart?
Do you cry your eyes to sleep?
