

# Be Yourself

## Morcheeba

Too much of a good thing  
Has really burnt me out  
I'm sick of satisfaction  
And living in a drought Just be yourself  
Anyway that you want to  
Just be yourself  
Anyway that you can Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can The center of attention  
Is living on the edge  
The thirty of second floor  
I'm standing on the ledge Got to get this straight  
'Cause we're running too late Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can Just be yourself  
Anyway that you want to, baby  
Just be yourself  
Anyway that you can Just be yourself  
Anyway, baby  
Just be yourself  
Anyway that you can Just be yourself  
Anyway, baby  
Just be yourself  
Anyway that you can
