

Can't Help Myself

Gary Moore

In this world of make believe
I will try to find a way
It's so easy to deceive
What you do or what you say
I would never try to ever break your heart
Even through it seems I tear your soul apart
I would never try to hurt you, never leave you or desert you
Try to understand , I just can't help myself
In this world of make believe
I will try to find a way
It's so easy to deceive
What you do and what you say
I would never try to ever break your heart

Even through it seems I tear your soul apart
I would never try to hurt you, never leave you or desert you
Try to understand, I just can't help myself, I just can't help myself
In this world of make believe
I will try to find a way
It's so easy to deceive
With what you do and what you say
I would never try to ever break your heart
Even through it seems I tear your soul apart
I would never try to hurt you, never leave you or desert you
Try to understand, I just can't help myself, I just can't help myself
Oh, I can't help myself
