Happy Family

Racoon

It would be nice if we could all just sit together
It would be great to have a cup of everything
Oh, what you do with everything?It would be lovely to see all your faces smiling
It would be wonderful if all this shit I sing
About was happening, was happening, was happeningAnd it turns out to be we're a happy family
But all these family's break, everybody's on the take
All that matters today is the kind of money that you makeThe money that you make
But all these family's break, everybody's on the take
All that matters today is the kind of money that you makeThe money that you make
It would be nice if we could all just live together
That's a hand in hand situationIt would be great if we could feel a bit of sympathy
A sympathy for you and me
It would be lovely if we all stood up togetherIt's got to be like that commercial on TV
It would be wonderful if all this shit I sing
About was happening, happening, happeningAnd it turns out to be we're a happy family
But all these family's break, everybody's on the take
All that matters today the kind of money that you makeThe money that you make
But all these family's break, everybody's on the take
All that matters today is the kind of money that you makeThe money that you make
It would be nice if we could all just sit together
It would be great if we could have a little fun
It would be nice if we could be happy family today
