

# Maybe

K.A. Antonio

Maybe  
K.A Antonio

Maybe, if you leave I'll be alright  
Coz maybe, we always end up to a fight  
But lately, I'm missing you  
I keep remembering your touch, your kiss, your lips  
The way you say "I love you" baby

[Refrain]

Why? Do I keep thinking about you?  
And you say "I don't wanna try this anymore"

[Chorus]

Maybe it's time to move on and find another love  
Maybe it's time to let go for something that we had  
Maybe it's time to be strong and just pretend it's fine  
To be alone, to be alone

Maybe, you're not just into me after all  
Maybe, you doesn't care about me anymore  
Lately, I still missing you  
I keep remembering your touch, your kiss, your lips  
The way you say "I love you" baby

[Refrain]  
[Chorus]

Why? Do I keep thinking about you?  
And you say "I don't wanna do this anymore"

[Chorus]
