

She Used To Love Me A Lot

David Allan Coe

I saw her through the window today
She was sittin' in the Silver Spoon cafe
I started to keep goin', but somethin' made me stop
She used to love me a lot She looked lonely and I knew the cure
Old memories would win her heart for sure
I thought, I'd walk on in there and give it my best shot
She used to love me a lot Sat down beside her and she smiled
Said, "Where have you been it's been a while?"
She seemed so glad to see me, Lord, I could read her thoughts
She used to love me a lot She used to love me with a love that wouldn't die
Lookin' at her now I can't believe I said goodbye
It would only take a minute to turn back the clock
She used to love me a lot Well, I reminded her how good it was back then
I said, "You know it's not to late to start again
We could spend a night together take up where we left off"
She used to love me a lot Then I panicked, as she turned to walk away
As she went out the door I heard her say
"Yes, I'm in need of somethin' but it's something you ain't got"
But I used to love you a lot She used to love me with a love that wouldn't die
Lookin' at her now I can't believe she said goodbye
It would only take a minute to turn back that old clock
She used to love me a lot
She used to love me a lot
She used to love me a lot
She used to love me a lot
