

Bluebird

How the hell does a broken heart
Get back together when it's torn apart
Teach itself to start
Beating again ba ba ba ba This little Bluebird came looking for you
I said that I hadn't seen you in quite some time
This little Bluebird, she came looking again
I said we weren't even friends she could have you Don't you think it was hard?
I didn't even say that you died
But it wouldn't have been such a lie
'Cause then I started to cry This little Bluebird sure won't give it a rest
She swears that you may be better than all the rest
I said no oh
You've got it all wrong
If he was something special, I wouldn't have this song Don't you think it was hard?
I didn't even say that you died
But it wouldn't have been such a lie
'Cause then I started to cry How the hell does a broken heart
Get back together when it's torn apart?
Teach itself to start
Beating again ba ba ba ba ba ba ba ba What if when she comes over I am in your arms?
Taking all I want from you again (Oh) Ba ba ba ba ba ba ba ba
Ba ba ba ba ba ba ba ba
Ba ba ba ba ba ba ba ba
Ba ba ba ba ba ba ba ba How the hell does a broken heart
Get back together when it's torn apart
Teach itself to start
Beating again ba ba ba ba How the hell does a broken heart
Get back together when it's torn apart
Teach itself to start
Beating again ba ba ba ba
Beating again ba ba ba ba This little bluebird don't come 'round here anymore
So I went looking for her

And I found
You
