The Other Guy

B2K

Ho hoHere's another day of you tripping out on me
I could retaliate and bring the ghetto out of me
But I'm feeling you, but not the things you do
I'd rather set you straight, than smack you in your face
This is not your ex-relationship, 'coz all I gotta sayGirl, you just don't realize
You gotta figure out I'm not like the other guy
Because I wear saggy jeans, Tim boots
And don't lie like the rest do
You gotta figure out I'm not like the other guy
Not like the other guyThere's no reason for all these crazy confrontations
Let's set the record straight, you're the only one for me
Mature at heart I am, please just understand
Okay look, first I gamed you up then I played the role
Then I felt in love with you girlGirl, you just don't realize
You gotta figure out I'm not like the other guy
Because I wear saggy jeans, Tim boots
And don't lie like the rest do
You gotta figure out I'm not like the other guy
Not like the other guyHeartfelt, unselfish, love
All thoughts revolve around youUm, I mean, I just
I don't understand, I mean
I know what you had and what you been through
But I'm here and I'm differentGirl, you just don't realize
You gotta figure out I'm not like the other guy
Because I wear saggy jeans, Tim boots
And don't lie like the rest do
You gotta figure out I'm not like the other guy
I'm not like the other guy
