

Dust and Dirt (East Star Records)

The Black Seeds

Dust and dirt and rain above begins
A river blood and pain,no trust, no end
 A valley for the desperation
 Built on barren imitations
 Gambling with what we never had
 Losing touch on purpose
 Looking for the future steps, oh, oh
Making proper warIf I walk away from love no more
 Some many times before
Pull myself again from love no more
 So many times before!
Dust and dirt and rain above begins
 Needed all the names so lost
Pretend to manage all our expectations
 Running with our limitations
 Forgetting now the...
To fall...it's what's leftIf I walk away from love no more
 Some many times before
Pull myself again from love no more
 So many times before!
If I walk away from love no more
 Some many times before
Pull myself again from love no more
 So many times before!
