Over The Water

The Cardigans

Turn away the collar
Because the blowing is dry
Walk away to the harbour
Before your ships will fly
Slip away and the pillow
Because it's falling off down
Trot away and around
Because your ships are found

Somewhere over the water
Next to a harbour
Someone's eager to listen

Turn away the collar
Because the blowing is dry
Walk away to the harbour
Before your ships will fly
Slip away and the pillow
Because it's falling off down
Trot away and around
Because your ships are found

Somewhere over the water
Next to a harbour
Someone to be in
