

Obsessed

Fire Choir

That classic way that you move
Ok, ok now you've got my attention
Can't take my eyes off of you
You're in my in my head
You're in my in myHeart eyes overload
It's irresistible, I'm so stuck on you
Just can't help myself
I got a taste and now I have to make ya mineI might be a little obsessed
I might be a little obsessed
Do you like long walks on the beach? (uh huh)
Do you like playing hide & seek? (uh huh)
Do you like to dance to the beat? (uh huh, uh huh)I really like long walks on the beach
I really like playing hide & seek
I really like to dance to the beat (uh huh, uh huh)Heart eyes overload
It's irresistible, I'm so stuck on you
Just can't help myself
I got a taste and now I have to make ya mineI might be a little obsessed
I might be a little obsessed
I might be a little obsessed
I might be a little obsessedI'm smitten with you darling
I don't know, maybe I'm obsessed
Who me? I really like to dance to the beat
Obsessed
I might be a little obsessed
Obsessed
I might be a little obsessed
