

# I'll Get By

## Swag

Give me one last look as you walk away  
I, I don't know what to say, I start callin' out your name  
But I just can't find the words I know will change your mind  
I tried a thousand times, but I just can't make it right  
Someday, I pray there will come a day  
When I can open up my heart and love again  
Till then I'll get by  
Somehow I'll get by  
I know I'll get by  
I take a look around, I see this lonely room  
I used to share with you - now I want to paint it blue  
'Cause everywhere I turn, there's something else I find  
The notes you left behind - were you trying to be kind?  
Tell you something baby: There will come a day  
When I can open up my heart and love again  
Until then I'll pretend  
I'll play the fool  
Someday I'll find another someone just like you  
Till then I'll get by  
Somehow I'll get by  
I know I'll get by  
My heart don't own me, can't think about it any more  
Love's just a memory surrounded by these lonely walls  
Lately I've been thinking I should move away  
No reason left to stay - this house is haunted anyway  
I'll tell you something baby: There will come a day  
When I can open up my heart and love again  
Till then I'll get by  
Somehow I'll get by  
I know I'll get by
