Dc Talk

Ahhh, yeah, WDCT.
Talk radio [yeah] with the sounds to shake them bones
[shake them bones]
Cause we're bringing you the funk
The whole funk and nothing but the funk
dc talk style [oh yeah]
day and night, night and day

And its me, the E, flippin' the wax
So kick back, relax all you little funkadelics
Cause the trains' in the house
Kickin the mad styles for ya, so yo
Next up is that little diddy off that
Funky, funky, funky little album Free At Last
[It's about time] Word [coming out for 2 years been waiting on this record]
[Bout time be flippin'] Brothers be flippin'
