

Message from the Wind

Blue Highway

Got a message from the wind today
When it blew a tear across my face
It said it's time to turn and go its way
Guess it's time I'm movin' on

Saw a bird sail the breeze that blows
across the ridge the way I need to go
It took this much of my life to know
I'll probably never find a home

A wanderin' life is what I have
comin' in and headin' out
The urge to go is in my blood to stay
The wind is startin' to pick up today

Might've had what I left to find
in the place that I left behind
but a different breeze was blowin' in my mind
and it just would not let me see

Now I'm standin' here but it's just not the same
I guess the only thing I know is change
The winds a-startin' to blow again
Guess it's time for me to leave

A wanderin' life is what I have
comin' in and headin' out
The urge to go is in my blood to stay
I'll probably never know another way
The wind is startin' to pick up today
