

# Long Sleeves

## Black Stone Cherry

All night long thunder calls  
Can't get away from here  
Songbirds calling, sky keeps falling  
Ain't no use in fear  
Every night it comes back to me  
Everything I've seen  
Don't ask why I've seen children die  
Watched men take their lives  
I've seen women cry  
My mama always said to wear long sleeves  
Pushed through the sand, world in my hand  
Drop of water for my soul  
Make daddy proud, can't let him down

God, I gotta get back home  
Every night it comes back to me  
Everything I've seen  
Don't ask why I've seen children die  
Watched men take their lives  
I've seen women cry  
My mama always said to wear long sleeves  
Don't ask why I've seen children die  
Watched men take their lives  
I've seen women cry  
My mama always said  
My mama always said to wear long sleeves
