

Tell Me That I'm Dreaming

Was (Not Was)

Members of the Congress, I have the high privilege, and of the sick honor of presenting to you, the President of the United States. Thank you very much. Thank you very much. Thank you very much.

I pulled into your town, saw two signs:
West and West Tell me that I'm dreaming
Turned down a No-way street and saw another sign:
Drive in reverse or something like it
(We talked like men and ate fish at the end of the pier)

I tried 2 walk, but how? The rest of U were dancing with pointy shoes on
Somebody pinch me, am I? (Na na na na na)
(Was I? Did I away the night?)

Nu Shooz, laser breakfast, fast target vehicles
Leather house, dreaming, somebody pinch me! (Ouch!)

Can we who man the ship of state deny it is somewhat out of control?
Can we who man the ship of state deny it is somewhat out of control?
Can we who man the ship of state deny it is somewhat out of control?
Can we who man the ship of state deny it is somewhat out of control?
Can we who man this? Can we who man this?
Can we deny the control? Thank you very much. Thank you.

Nightwatchman at a bank made some pirates walk the plank
Oh, I must be dreaming. Tell me that I'm dreaming
One man liked milk, now he owns a million cows
Can you imagine all that milk? Tell me that I'm dreaming

Tag! You're it! No! It's not funny! It's not funny! Yaaaahh! Not!
One man liked milk, now he owns a million cows
One man liked milk, now he owns a million cows
One man liked milk, now he owns a million cows
(Tell me that I'm dreaming) Out of control
One man liked milk, (out of control) now he owns a million cows
(Tell me that I'm dreaming) Out of control
One man liked milk, now he owns a million cows
(Out of control, out of control)
One man liked milk, now he owns a million cows
(Out of control) One man liked milk (Out of control)
Now he owns a million cows (Out of control, out of control)

(Out of control) One man liked milk (Out of control)
Now he owns a million cows (Out of control)
(Out of control, out of control, out of control)
(Out of control, out of control, out of control)
