

Before I Fall In Love

CoCo Lee

My heart says we've got something real
Can I trust the way I feel
'Cause my heart's been fooled it before
Am I'm just seeing what I want to see
Or is it true, could you really be Someone to have and hold
With all my heart and soul
I need to know
Before I fall in love Someone who'll stay around
Through all my ups and downs
Please tell me now
Before I fall in love And I'm at the point of no return
So afraid of getting burned
But I wanna take a chance
Oh please, give me a reason to believe
Say you're the one that you'll always be Someone to have and hold
With all my heart and soul
I need to know
Before I fall in love Someone who'll stay around
(Who warns)
My ups and downs
Please tell me now
Before I fall in love It's been so hard for me
To give my heart away
But I would give my everything
Just to hear you say Someone to have and hold
With all my heart and soul
I need to know
Before I fall in love Someone who'll stay around
(Who warns)
My ups and downs
So tell me now
Before I fall in love Before I fall in love
