

# Democracy

## Bleeding Hearts

Believing the lies defines American  
They don't realize their ignorance and sin  
Democracy ain't real, it's a fairytale  
Anarchy now then spend the night in jailI won't pretend that it ain't wrong  
I won't just go along  
Humanity is deceased  
And the sickness has increasedFor the people, by the people  
Who's considered people anyway?  
The rich get richer and the poor get poorer  
So much for equal opportunity
