Daisy

Zedd

Daisy, always climbing up the same tree
Finding love in all the wrong scenes, Daisy, you got me
Daisy, always walking down the wrong streets
Starting fires out of dead weeds, Daisy, you got meLet me show you how a kiss should taste
Trust me, I won't give your heart away
Why you running, running when you got it right here?
Oh, I would love you if you let meDaisy, always dancing to the same beat
Broken records stuck on repeat, Daisy, you got me
Daisy, don't you know that you're amazing?
Broken hearts just keeps on breaking, Daisy
I would take the light out the stars to help you see
Anything to guide you straight to meLet me show you how a kiss should taste
Trust me, I won't give your heart away
Why you running, running when you got it right here?
Oh, I would love you if you let meLet me show you how a kiss should taste
Trust me, I won't give your heart away
Why you running, running when you got it right here?
Oh, I would love you if you let meI won't give your heart away
Why you running, running when you got it right here?
