

# Breakin' Me

Jonny Lang

Every day I see your face I wish that I'd stayed  
Don't even know what made me run away  
It's just the way I play the game Emotional is not a word I'd use to explain myself  
But now you got me down upon my knees  
Baby please just take me back I don't want to be in love but you're makin' me  
Let me up I've had enough  
Girl you're breakin' me Now here I am half a man standing alone  
Feeling like I lost my only chance  
At happiness when I let you go I don't want to be alone thinkin' 'bout you girl  
I got nothin' left to hold  
In my lonely world The first time my heart was ever touched  
Was the day I lost your love  
I can feel it in my flesh, my flesh and blood  
But my soul can only take so much So there it is  
Why can't you give it one more try?  
You and I could find a way to live  
If you let me in just one more time I know you lost your faith in me but I still believe  
Can I make you understand? Can I make you see?  
I am desperate for your love and it's breakin' me  
It's breakin' me  
It's breakin' me
