

# I Remember You

**Stargazers & Neev Kennedy**

Places That I Pass  
Faces That I See  
Unknowingly Collecting Moments  
Little Pieces Of You

Before You Know It  
Visions Change  
And Photographs Begin To Fade

But When I Look Into The Night  
I Can Trace You In The Stars  
Spaces Never Empty  
Cause You Are Everywhere

When I Look Into The Night  
I Remember You...»\_
