

# Friend To Friend

[Diana Ross](#)

When I gave all of my love to you  
I said, "You were a dream come true" Good to you, so good to you  
Is what I'm gonna be  
And I hope you'll fall in love with me Persevere is what we'll do  
What we'll do to make  
Our love everlasting Oh, friend I owe all of my life to you  
I said you were a dream come true I don't want, no I don't want  
To be so cold to you  
It's just a defense that I sometimes use I have often thought  
That I had no love to give  
But it's yours for the asking I have often thought  
I had no love to give  
It's yours, yours for the asking Oh friend, I give my life to you  
I say you are a dream come true Oh friend, oh friend, I give my life to you  
I say you are, you are a dream come true Friend to friend
