

Jellyfish

Local Natives

Love

I'm already ten steps ahead
Took the wrong train and I fell
Head over heels in a moment
Then you're gone Blank stare
If you're bored, you're boring

Unaware

Could I get a warning? Love

I can see rain coming in
Like jellyfish limbs from a distance
Tired commuter heads sway and bow
Praying to you Blank stare
If you're bored, you're boring

Unaware

You could cure the lonely
