## Now You Tell Me

## **Reba Mcentire**

What a surprise Never thought I'd hear from you Whatever made you call From out of the blue What did you say I must be hearing things Things that I never thought Would come from you Now you tell me That you love me desperately Why did you wait so long To say those words to me Oh, you made me crazy I don't know what to do Now you tell me Not that there's somebody new I think you should know There's someone here with me O, bet he can tell you Must be someone dear to me So I better go 'Cause you still get to me Just when I thought I was over you This is all I need Now you tell me That you love me desperately Why did you wait so long To say those words to me Oh, you made me crazy I don't know what to do Now you tell me Not that there's somebody new
