

# Picture of Myself

Devin Townsend

Woke up this morning, didn't like what I seen  
I looked about as normal as I've ever been  
But I gathered today that I would be a star  
So I get myself ready to enjoy the part I'm only in love, with a picture of myself  
I'm only in love with a little girl  
Decided today to get the proper shoes  
\$80 Vans and an ADIDAS suit  
Now the chicks will all dig me 'cause I look quite hip  
Sulking and tripping on my bottom lip  
I'm only in love, with a picture of myself  
I'm only in love with the little girl  
I'm only in love, with the picture of myself  
I'm only in love with that little girl  
Now I've got myself in with the latest style  
And the people at the mall today have made a pile  
So I'm back on my way to my parents' home  
So I can tell someone I need a little time alone  
I'm only in love, with the picture of myself  
I'm only in love with a little girl  
I'm only in love, with a picture of myself  
I'm only in love, I'm only in love,  
I'm only in love with myself
