Static

Kenna

Don't know if I want you to understand me
Don't know if I want you to understand me
Don't know if I want you to understand me or goDon't know if I want you to see through me
I confess this heavy heart has me on my knees
Don't know if I want you to see through me or go
Or go or go or go'Cause it feels like
Static, when you're here
(Feels like)
Static, when you're gone(Feels like)
Static, everywhere
(Feels like)
Static, every timeLove come and bless me, show me how it feels
I've been here time before and it wasn't real
Don't know if I want you to understand me or goCan't blame you dove, when the blame is mine
To love and let go was never the design
Don't know if I want you to see through me or go'Cause it feels like
Static, when you're here
(Feels like)
Static, when you're gone(Feels like)
Static everywhere
(Feels like)
Static every time, every timeEven as my demons leave
Unsure if I want you to see through me
I don't know if I want you to understand me or go
Let goGo go, go go
Go go, go go
Go go, go go
Go go, go go
Go go, go go
Go go, go go
