

# One Day In Your Life

**54-40**

I know that's just the way it goes

And you ain't right for sure

You turned your back on love

For the last time

It won't take much longer now

Time makes me stronger way

There's nothing more to say

One day in your life said love would remind you

How could you leave it all behind

One day in your life, it's gonna find you

With the tears that left me cry

And baby I'm stronger than before

You gotta play it on the line

Maybe one day in your life

My love, did you think

I'd break down and cry?

This thing we had, it meant the world to me

Guess I would try

It won't take much longer now

See time makes me stronger way

And I know you'll be coming 'round some day

One day in your life, said love would remind you

How could you leave it all behind

One day in your life, it's gonna find you

With the tears that left me cry

And baby I'm stronger than before

You gotta play it on the line

And maybe one day in your life

You called me in the midnight hour

With your velvet lights

So many sleepless nights, I wonder

Is it time to say goodbye? Ooh yeah

One day in your life, said love would remind you

How could you leave it all behind?

One day in your life, it's gonna find you

With the tears that left me cry

And baby I'm stronger than before

You gotta lay it on the line

And maybe one day in your life

One day

One day in your life, said love would remind you

How could you leave it all behind?

One day in your life, it's gonna find you

With the tears that left me cry

And baby I'm stronger than before

You gotta play it on the line
